## Ready to Book? Great! Here's How it Works:

---

1. **Submit your booking details.** Be sure to include all traveler's passport names and dates of birth. A credit card isn't required to submit but makes the process simpler. Each booking is manually processed, and nothing will be charged until you approve.
2. **An invoice will be sent to you for review and approval.** If any changes need to be made, let us know! If everything is correct, check the boxes and type your name to digitally sign.
3. **Declined insurance?** Be sure to carefully review at the penalties on your invoice. Deposits are nonrefundable and your reservation is 100% NONREFUNDABLE AFTER FINAL PAYMENT with NO exceptions. Cancel for any reason insurance cannot be added later and is strongly urged.
4. **Submit payment** via the link provided in your invoice approval email OR we will apply your deposit with the card provided in Step 1.
5. **You're booked!** We will send you an updated invoice reflecting your payment.
